

REMOTE CONTROL

ABONNEMENT/TILMELDING/AKTIVERING OG BRUG

Denne brugervejledning forklarer, hvordan du aktiverer Remote Control af din bil.

For at komme i gang skal du først oprette en MYPEUGEOT-konto og registrere din bil. Har du endnu ikke installeret appen på din smartphone, skal du blot downloade appen fra Google Play Store eller App Store.

Åbn MYPEUGEOT-appen, gå til Connect Store og vælg "Opdag" for at aktivere Remote Control. Tryk på "START AKTIVERING" og følg de få trin for at aktivere din nye tjeneste.

Du vil blive videredirigeret via 'Aktivering af tjeneste'-siden, hvor du kan læse, hvad Remote Control indebærer og hvilke fordele, du vil opnå med denne tjeneste. Scroll ned og tryk på knappen "HENT" for at fortsætte aktiveringen.

I den forbindelse er det vigtigt, at du læser og accepterer de generelle betingelser. Når du har gemt dine præferencer, kan du starte aktiveringsprocessen via appen ved blot at trykke på "FORTSÆT TIL MYPEUGEOT".

Det tager kun få minutter at gennemføre de sidste 3 trin, inden du kan begynde at bruge Remote Control. Bekræft at du har læst og accepteret vilkår og betingelser, og start derefter aktiveringen.

The screenshot shows a mobile app interface for 'MyPEUGEOT account certification process'. At the top, there is a black navigation bar with a white back arrow and the text 'MyPEUGEOT account certif...'. Below this is the title 'MyPEUGEOT account certification process' in bold black text. A paragraph explains that to control the vehicle remotely, the user must complete a ten-minute path in three steps. Below this, it states 'You can stop it at any time and resume later.' A vertical flow diagram consists of three blue circles connected by lines. The first circle is above the text 'Define a trusted phone number'. The second circle is above 'Set a MyPEUGEOT safety code'. The third circle is above 'Secured bluetooth connection (To do in the vehicle)'. At the bottom, there is a checked checkbox next to the text 'I agree to the terms and conditions of use'. A large blue button with the word 'START' in white is positioned at the very bottom.

1. Indtast dit telefonnummer og den kode, du har modtaget via SMS

2. Opret din personlige 4-cifrede sikkerhedskode. For at kunne gøre dette, vil du modtage en midlertidig kode via SMS. Indtast den for at registrere din telefon, og opret derefter din egen sikkerhedskode. Denne kode giver dig mulighed for fjernbetjening til din bil og til at benytte Remote Control funktionerne.

3. Forbind din mobiltelefon til din bil ved hjælp af Bluetooth.
Gå til din bil, tænd for motoren, tænd for Bluetooth på mobilen og klik på "DAN PAR" for at forbinde.

MyPEUGEOT account certification process

To be able to control your vehicle remotely from your smartphone, you must complete this ten-minutes path in three steps.

You can stop it at any time and resume later.

Define a trusted phone number

Set a MyPEUGEOT safety code

Secured bluetooth connection (To do in the vehicle)

START

Secured bluetooth connection

Pick-up your car key, keep your phone with you, get on board and start the engine.

START

Make sure you are ready

- 📶 Ensure that your smartphone is connected to the Internet via Wi-Fi or cellular (3G/4G).
- 📶 Turn on the engine, connect your smartphone to your car with bluetooth connexion then click on « Next »
 - [Connect my smartphone to my car](#)
- 🔒 Your vehicle's privacy mode (private mode) must allow data sharing.
 - [Handle my car data privacy](#)

PAIR

Secured bluetooth connection done

FINISH

Når Remote Control er aktiv, kan du blive bedt om at opdatere softwaren i din bil for at få det fulde udbytte af alle funktionerne.

SÅDAN BRUGER DU REMOTE CONTROL:

Når du har aktiveret Remote Control til din bil, kan du med få enkle trin styre låsefunktionen på dørene, tænde lyset og aktivere hornet.

For at fjernbetjene din bil skal du blot åbne "MYPEUGEOT"-appen, vælge ikonet for den kommando, du gerne vil sende afsted, bekræfte handlingen og så vente et par sekunder. Husk, at du hver 7. dag skal bekræfte fjernkommandoerne ved hjælp af din sikkerhedskode.

The image shows three sequential screenshots of the MyPEUGEOT app interface for a Peugeot 308 Hybride. Each screen displays the vehicle's status, range (453 mi), and battery level (20 mi). The first two screens show the vehicle is unlocked, while the third shows it is locked. Below the status bar, there are icons for remote control functions: horn, lights, and lock/unlock. The bottom section of the app shows service management options like 'Charge management', 'Air conditioning', and 'Plan your next journey', along with a map showing the vehicle's last known position at 5 avenue general de Gaulle de la république, 75000 Paris. At the bottom, there are buttons to 'Save vehicle's Position', 'Get a route to my vehicle', and 'Share vehicle's Position'.
